Swimming Instruction

Red Cross certified instructors teach the fundamentals of swimming and water safety. Half-hour lessons are offered at Warburton, Mary Gomez, and Montague pools. All pools are outdoors; pool temperatures are subject to weather conditions. **Students will be tested at the first class to determine their instruction level. Children who have not taken swim lessons since last summer may test into a lower level than what they tested at last year.**

LEVELS OF INSTRUCTION

Parent-Tot, Level A & Level B – The parent works with the child in the water while the instructor provides supervision and guidance. The goal of this class is to introduce water adjustment skills in a safe and friendly environment. LEVEL A is for children 6-24 months of age who have had little or no previous water experience. LEVEL B is for children 18 months of age to 5 years who have had 2 or more previous sessions in the water; submerge reluctantly or not at all; require floatation support at all times; or may benefit from parental presence and support in the water. *There must be 1 parent per child in both levels.*

Level 1 - Introduction to Water Skills – This class is designed to help students feel comfortable in the water and to enjoy the water safely; there are no prerequisites.

Level 2 - Fundamental Aquatic Skills – Student must have passed a Level 1 class or demonstrate the completion requirements in Level 1. Students will learn to float without support, explore simultaneous and

alternating arm and leg actions on the front and back.

Level 3 - Stroke Development – Student must have a Level 2 certificate or demonstrate the completion requirements for Level 2. Students will learn to coordinate front crawl and back crawl. Elements of the butterfly, fundamentals of treading water, and headfirst entries will also be introduced.

Level 4 - Stroke Improvement – Student must have passed a Level 3 class or demonstrate the completion requirements for Level 3. Students will improve their skills as well as their endurance by swimming the front crawl and back crawl for greater distances. The elementary backstroke, breaststroke and sidestroke will be introduced.

Level 5 - Stroke Refinement – Student must have passed a Level 4 class or demonstrate the completion requirements for Level 4. The objective of this class is coordination and refinement of strokes. Students will increase the distance they swim each stroke and flip turns will be introduced.

Level 6 - Personal Water Safety & Lifeguard Readiness – Student must have passed a Level 5 class or demonstrate the completion requirements for Level 5. Students will refine strokes so they can swim with more ease, efficiency, power and smoothness over greater distance. Level 6 is designed with 2 options: PERSONAL WATER SAFETY, where students will learn basic water survival skills and LIFEGUARD READINESS, where students will learn basic rescue skills. *This class does not certify students to become lifeguards.*

Levels of Instruction

Parent-Tot – Basic movement classes structured around gymnastics activities for young children that are not quite ready to go it alone. Parents are required to participate and should be dressed appropriately for activity. No other children are allowed in the facility during class.

Tiny Tots – An introduction to all the gymnastics apparatus will be utilized, with an emphasis on creative movement activities and organized circuit play. Instructors will lead a warm up, then rotate groups around events or circuits so that students may learn their movements and positions.

Tumble Tots – This class is similar to Tiny Tots, only with a higher expectation of the older age group. Students will be reviewed for possible movement into an upcoming team development program.

Pre-Rec – This class, for ages 5-6, is the equivalent of the Level 1 class. We will introduce specific skills and routines for this younger group, to prepare them for higher levels sooner in their preparation. This is a focused class that may provide the opportunity for team development.

Level 1-2 – This is the beginning gymnastics class. GIRL'S classes are designed to focus attention on the four women's events: vault, uneven bars, balance beam, and floor exercise. BOY'S classes are designed to focus attention on the six men's events: floor exercise, pommel horse, rings, vaulting, parallel bars, and horizontal bar. In addition, trampoline skills, strength development, and flexibility will be

integral parts of the beginner program.

Level 3-4 – This is the intermediate gymnastics class. Students are required to pass the skills and routine evaluations of the previous levels, and must possess a signed certificate showing proof of level before moving up to these classes.

Girl's, Level 1 – This class is designed for students that have never taken any type of gymnastics or are currently a Level 1 student.

Girl's, Level 2-3 – This class is designed for advanced beginners and intermediate students. Students are required to pass the skills from their skill cards and routine evaluations of the previous level and provide a signed certificate showing proof of level before moving up to these classes. Parents are not allowed to stay in the facility unless there is only one coach present in the gymnastics facility.

Girl's, Level 4, 5, 6 – This class is designed for students who so not wish to do competitive gymnastics, but want to learn more difficult skills once they have passed the skills in level 4.

Coed, Level 3-4 – This class, for boys and girls, will introduce students to all the Olympic events, with an emphasis on the primary skills of Floor Exercise.

Learn to Flip, Beg. & Adv./Int. – These classes are designed for students who only want to focus on tumbling and the trampoline. Instructor approval is required before moving to the advanced/intermediate level.

Gymnastics classes – page 22.

Warm ups are essential in gymnastics. Students arriving more than 10 minutes late to class will not be allowed to participate that day.

Parents are not allowed to stay in the facility during class time unless noted in description.

Each workout includes a warm-up segment, a cardiovascular workout, and a cool down with stretching. Hand weights, Ultra-Toner bands, Gymnic softballs, Swiss balls, and jump ropes are provided for classes that incorporate body sculpting into their routines. Participants are encouraged to bring their own towel and sport bottle for water. Athletic shoes are required on the aerobics floor (no street or black-soled shoes).

SOCCER CAMPS

JUST4KICKS SOCCER CAMPS

Just4Kicks, inc. will conduct developmentally appropriate instructional soccer camps developing skills required for the game of soccer. Each day will focus on a particular aspect of the game of soccer utilizing specifically designated activities. Each activity varies according to age and ability, and is structured to provide every child the opportunity to express themselves and grow at their own rate. The emphasis is on learning and having fun, not winning. Every participant receives a soccer ball, T-shirt, and water bottle. Daylong participants will need to bring a lunch and will enjoy “soccer theme” games as part of the all day activities in addition to a scrimmage at the end of each day.

Coach Tom Vischer and staff bring a wealth of experience, knowledge and understanding of the game of soccer to **Just4Kicks, inc.** In addition, he has thirteen years experience in teaching youth soccer players in the bay area. Coach Tom holds an “A” license, the highest license the United States Soccer Federation (the governing body of soccer in America) offers, as well as the national “Y” (youth) license. He also trains local youth teams in the area.

SOCCER K/1

Over the 5-day camp, players will experience all the fun and excitement soccer has to offer. Running, dribbling, kicking their ball; all with expert guidance and instruction from **Just4Kicks, inc.** staff coach. Every day ends with a small-sided scrimmage culminating with a mini “World Cup” tournament on Friday. While no score is kept, it mimics the feel of a tournament for the younger kickers.

SOCCER 2/3

Over the 5-day camp, players will experience all the fun and excitement soccer has to offer. Running, dribbling, kicking their ball; all with expert guidance and instruction from a **Just4Kicks, inc.** staff coach. Emphasis still remains on the basic soccer skills utilizing fun soccer activities. Team concepts are presented in small-sided scrimmages culminating with a mini “World Cup” tournament on Friday.

SOCCER 4/6

Over the 5-day camp, players will experience all the fun and excitement soccer has to offer. Running, dribbling, kicking their ball; all with expert guidance and instruction from a **Just4Kicks, inc.** staff coach. Individual and team skills are of equal importance at this level. Expectations of each position in a small-sided game format are explained and developed for a truly exceptional soccer experience. Team concepts are presented in small-sided scrimmage culminating with a mini “World Cup” tournament on Friday.

Opportunities Await you at the Senior Center!

The recently expanded Senior Center is up and running, and has been a huge success! The redesigned facility is wheelchair accessible and was constructed especially to meet the needs of all Santa Clara seniors (age 50 and up) and individuals with disabilities (age 18 and up). We are currently accepting applications from individuals with a qualifying disability/medical condition for participation in the drop-in Fitness and open-swim Aquatics programs. Please contact Therapeutic Recreation Services (408) 615-3140 for usage eligibility requirements.

It is a requirement that individuals have a current valid Fitness/Aquatics card in order to participate. Application packets for the Fitness/Aquatics cards are available at the Senior Center (front office) and the Community Recreation Center (front office or Therapeutic Recreation Services).

The Center's expansion includes a state-of-the-art Fitness Center, with nearly 40 pieces of specialized user friendly equipment, free weights, rubberized floor and three televisions, as well as a Natatorium with three indoor heated pools (warm water (92°), lap and whirl pools). If you haven't seen the facility yet, drop by during business hours and have look around! Call TRS (408) 615-3140 or the Senior Center (408) 615-3170 with questions, hours of operation, and current open-swim and drop-in fitness hours, or for additional information.

New Process Helps Minimize Disruptions to Schools Undergoing Modernization

Classroom Modernization is in full swing at Cabrillo & Peterson Middle Schools. Cabrillo Middle School saw the use of a new construction

technology; a process called Horizontal Directional Drilling (HDD). This is the first time this process has been used in our district and it greatly reduces the disruption caused by construction. The modernization project at Cabrillo required installation of over 1,000 feet of underground pipe. Instead of using major earth-moving equipment all over the campus, sophisticated electronically-controlled drilling machines were used to bore precision holes throughout the campus. Pipes were pulled through these holes leaving a clean, safe site with minor disruption! Santa Clara Unified is thankful to the community for investing in the local schools to help our current and future generations fulfill their potential.
